Violet Hills Tamir (P/S) (VHV22T282E)

Violet Hills Ladd (P) (VHV L34E)

Violet Hills Patsy 257 (P) (VHV P257E)

Violet Hills J80E (P) (VHV J80E)

Comments: Violet Hills Tamir is an early maturing polled bull. He is an easy calving, easy finishing bull that would be ideal for the grass fed market.

We do not have a video as he was slightly lame when the videos were made and the bulls were catalogued. He was a bull just being a bull and came second in a push and shove with other bulls. He recovered within a week allowing him to be put back in the sale.

PLEASE NOTE.

Lot 19 and Lot 29 have also been DNA tested as being homozygous polled bulls.
